

Convert your Winchester-Western Skeet Thrower to 500 targets.

BEFORE

AFTER

\$995+S&H

The Winchester-Western Self Loading Skeet Machine (Model V1574) throws a great target! Its durability, versatility and ease of maintenance is proven. However, the single stack only holds 80 clay targets.

Now you can increase the target capacity to more than 500 clays with the NEW Skeet Loader SL500 from Western Retro Products. This simple bolt on carousel replaces the single stack and installs in minutes. Loads standard 108mm & 110mm skeet & sporting clay targets. Call to order yours today!

FEATURES

- Simple bolt-on design
- Loader holds more than 500 targets
- Features heavy duty steel & stainless steel construction
- Less than one second cycle time
- Loads Skeet, Pheasant, Battue & International Targets
- SS knife separation for use with frozen, wet or stuck targets
- Full 1 Year Warranty
- Skeet machine sold separately
