

Western Retro Trap Machine

Automatic Singles/Doubles Clay Trap Thrower

This package features a reconditioned Winchester-Western Trap, new TrapLoader DS100 automatic loader and 50' target release cord. This machine holds 100 targets and will throw automatic singles or doubles up to 80 yards. Cycle time is less than one second. It has simple hand adjustment for distance, elevation, windage & curl. Target(s) can be set to throw down the line, with fully random horizontal oscillation. Voice release is sold separately.

Experience the benchmark in quality automatic target presentation. Call for pricing and order yours today!
